### Benefits of the Youth Academy

- Fun
- Pressure free training/games
- Licensed coaches
- Organized curriculum
- Focus on development
- Focus on creativity
- Introduction to Classic soccer
- Written player evaluations

### Additional benefits of OCSA's Youth Academy

- FREE Registration
- Professional Coaching
- Multiple local training sites
- Sponsored program
- In house league and games vs. other regional academies

**OCSA is offering a FREE Youth Academy league. This new and exciting in-house program is a part of our FREE Youth Academy. Players will compete in an 8 week training program offering two evenings of professional training and one night of games per week.**

**The full 14 week academy program which includes games on the weekend will also be offered to those players who are developmentally prepared and interested in the program.**

*The Onslow Classic Soccer Association's Youth Academy is a part of the NCYSA Youth Academy Program.*

*Academy players will be trained in a group environment in which they will be encouraged to try new skills and explore the creative side of soccer without a fear of failure. The ultimate focus of this program is on the development of individual players' knowledge and skills rather than on team success and cohesion.*
